

Inter-Lakes School District Matrix for Level of Mitigation Strategies

Thursday, August 26, 2021 – Mitigation Level for 8/27/21 – 9/03/21 – IL Level 2 – IL Yellow

The Inter-Lakes School District encompasses two counties – Belknap County and Carroll County. A level will be set for the entire School District based on an analysis of the information outlined below. In cases where there are two measures for the two Counties, the highest level will be used. This matrix is a guide and it should be understood that it is likely that all boxes may not be “checked” for a particular level and a decision will require a level of judgment based on the current level of circumstances.

Notes:

Discussions/Decisions –

- Adults working alone in an indoor space may remove their mask. In group settings indoors, adults must remain masked even if physically distancing.
- Indoor athletics will remain masked at this time without a provision for temperature.
- Discussion ensued regarding rapid screening for athletics as a future possibility – no decision regarding this at this time.
- Hydroxyl Blasters will be purchased for large spaces – gyms/cafeterias/multi-purpose rooms/auditorium

INTENDED USE

The Aerus Hydroxyl Blaster is a device intended for the reduction of viruses, bacteria and other contaminants in the ambient air and surfaces in large indoor spaces up to 20,000 sq. ft. It has been proven to kill 99.98% of SARS-CoV-2 virus (COVID-19) on surfaces within 7 hours.

BENEFITS

- Our proprietary ActivePure® Technology destroys over 99% of surface and airborne contaminants
- Also designed to destroy MRSA, E. coli, mold and fungi, VOCs, smoke, odors and many other dangerous contaminants on shared surfaces and in the air
- Quickly, powerfully and safely works to clean the indoor environment
- Reduces airborne contaminants and allergens that can trigger asthma and allergy symptoms
