

## Inter-Lakes School District Matrix for Level of Mitigation Strategies

**Thursday, September 9, 2021 – Mitigation Level for 9/11/21 – 9/17/21 – IL Level 2 – IL Yellow**

The Inter-Lakes School District encompasses two counties – Belknap County and Carroll County. A level will be set for the entire School District based on an analysis of the information outlined below. In cases where there are two measures for the two Counties, the highest level will be used. This matrix is a guide and it should be understood that it is likely that all boxes may not be “checked” for a particular level and a decision will require a level of judgment based on the current level of circumstances.

## **Meeting Notes:**

- Based on current cases for members of our school communities and no evidence of school based transmission, the decision is to remain at IL Level 2 – IL Yellow.
- Our implementation of mitigation practices was reviewed. Principals were asked to remind teachers to clean in between use of desks/tables. Overall, it appears mitigation practices are underway and students/staff are doing a good job.
- Team discussed page 6 of the NHDHHS Toolkit; Team will follow up on it next week.
- Music/Band – ILM/HS will use Auditorium; ILES – Stage with curtain open; SCS – Multi-Purpose Room. Each of these spaces has a new Hydroxyl Blaster Air Purifier. Spacing outdoors 3 – 6 feet; indoors physical distancing no less than 3 feet and use of masks/bell covers.
- Masks for volleyball with current temperatures – maintaining use
- Open House – In person is on hold for this year until conditions improve.
- Vaccine Clinic – The School District is working with Partnership for Public Health to provide a school based clinic for grades 7 – 12.
