

Inter-Lakes School District Matrix for Level of Mitigation Strategies

Thursday, October 14, 2021 – Mitigation Level for 10/16/21 – 10/22/21 – IL Level 2 – IL Level Yellow

The Inter-Lakes School District encompasses two counties – Belknap County and Carroll County. A level will be set for the entire School District based on an analysis of the information outlined below. In cases where there are two measures for the two Counties, the highest level will be used. This matrix is a guide and it should be understood that it is likely that all boxes may not be “checked” for a particular level and a decision will require a level of judgment based on the current level of circumstances.
